**YEAR 3**

This week we are going to work with names of colours in Spanish. I am sure that you will find this very easy. You can click the following link to remember the names:

It is 11 minutes clip, so you can stop it whenever you think you are ready. And complete the task below. Once you have it done, go on to: **Year 3 Actividad 4.pdf** and complete the work given. It is a challenge. But no worries, you will be able to complete it without any problems. Remember that you can always leave me a comment with your questions.
