

This week you have a challenge. In year 4 and year 3, we have seen the names of this animals already. Are you able to find their names in Spanish?

The activity is a **2 steps game**. First, link them without looking their names in Spanish. Just follow you own thoughts. Then go on: <https://www.wordreference.com/> . After that, choose English-Spanish. Finally, type the name of the animal in English and find the name in Spanish. You will be able to listen how to pronounce it if you click on the speaker. Wordreference is a great tool to learn new vocabulary. We will use it from now on.
