

Year Five – Summer 1 2024

## Who are Britain's National Parks for?

In English, we will be writing our own persuasive leaflets and continuing to learn some of the Y5 writing features.

In geography, we will be investigating the question who are Britain's National Parks for? We will be finding out why they are so important, why they attract so many visitors and why they are known as Britain's breathing spaces.

In DT, we will design, create and evaluate a product to combat issues facing National Parks.

In music, we will be learning to play the ukulele with Manchester Music Service.

In maths, we will be exploring word problems and fractions.

In computing, we will begin to understand selection in computer programming. And to understand how *IF* and *IF/ELSE* statements work.

In MFL, we will be learning to ask and answer questions about what we like.

In PE, we will be learning to play tennis.

In science, we will be learning all about living things and their habitats as well as life cycles.

In RE, we will be investigating the question: if God is everywhere, why go to a place of worship.
